Cheer on our councils near or at Star Council goals!

We have multiple councils that only need 1, 2 or 3 new members to help secure their future. We are recruiting to keep our programs strong and to sustain/grow our councils. Our future is now. **Go get these new members now for the sake of your council's future.**

Remember, the 1 new member you bring in today, could be your new program volunteer tomorrow or your Grand Knight several years from now. Do not let anyone slip away and find a home for their time and talents just because you are waiting for the new fraternal year....
